TRS Company Code # 802374
Telecommunications Reporting Worksheet (Form 499A -- Revised)
Revised Numbers for 4/1/00 Filing for Calendar Year 1999

Dear Sir or Madam:

Enclosed please find the **Revised April 1, 2000 Telecommunications Reporting Worksheet (Form 499A) filing** for the above-captioned corporation.

Please be aware that the numbers originally reported in lines 411 (a), (d) and (e) of our April 1, 2000 Telecommunications Reporting Worksheet inadvertently included prepaid calling card revenues received in the first six months of 1999 twice, instead of once. If you would please recalculate our USF contributions based on these new numbers and credit us for the overpayment made to date, we would appreciate it.

If you have any questions or need any additional information, please call me at 770-644-7774.

Very truly yours,

Meredith H. Gifford
Assistant Vice President, Regulatory Affairs

Administrator's Decision on Contributor Appeal

Re: GE Business Productivity Solutions, Inc. d/b/a GE Capital
Communication Services successor-in-interest to GE Capital
Communication Services Corporation (ID # 801374)
Contributor Appeal

Dear Ms. Gifford:

After thorough review, the Universal Service Administrative Company (USAC) has completed its evaluation of the letter of appeal on behalf of GE Business Productivity Solutions, Inc. d/b/a GE Capital Communication Services successor-in-interest to GE Capital Communication Services Corporation (GEBPS) dated April 3, 2002 (Appeal). Your Appeal requests that USAC accept GEBPS's late-filed FCC Form 499-A reporting revenue for the period January 1 – December 31, 1999.

Decision on Appeal: Denied.

USAC hereby denies GEBPS's Appeal.

Explanation of Decision:

Federal Communications Commission (FCC) regulations in force during the relevant time period required carriers to file a Universal Service Worksheet (FCC Form 499 or, previously, FCC Form 457), twice annually, in April and September, and required USAC to bill contributors based on reported revenues. *See generally* 47 C.F.R. Part 54. USAC is required to estimate revenues for carriers that fail to file the required worksheets and to bill those carriers based on the estimated revenue. FCC regulations do not require USAC to accept any late-filed Universal Service Worksheets. However, in order to improve the accuracy of the revenue reported, the USAC Board of Directors has authorized staff to allow carriers to file new or revised worksheets after the original due date. Since

Ms. Meredith H. Gifford

Page 2

September 1, 1999, USAC has allowed carriers to file new or revised Universal Service Worksheets after the original due date and for a period limited up to 12 months from the initial due date of the worksheet in question.

The Form 499-A at issue was due on April 1, 2000. GEBPS's revised FCC Form 499-A was received by USAC on February 22, 2002. Because GEBPS's attempted submission was outside of the filing revision deadline of the worksheet in question, USAC rejected the submission of this form consistent with its previously adopted policy.

Thus, for the reasons set forth above, GEBPS's appeal must be denied.

If you disagree with the USAC response to your Letter of Appeal, you may file an appeal with the Federal Communications Commission (FCC) within 60 days of the date of this letter. The FCC address where you may direct your appeal is:

ACTION ITEM

Recommended Deadline for True-up of Form 457

Issue:

Establishment of a deadline for reporting changes to data reported on FCC Form 457.

Background – Analysis – Justification:

Historically, USAC has accepted any changes in revenue information reported by telecommunications service providers, regardless of when the changes were reported. It is becoming increasingly burdensome administratively to continue accepting revisions to reported revenue information indefinitely.

Each time a change is reported that affects end-user billed revenue, it necessitates revising the service provider's billed amounts for the period impacted by the change. In addition, it requires USAC to maintain subsidiary records to identify when the change in reporting took place so that the proper adjustments can be made for future funding requirements, thus ensuring that neither too much nor too little revenue is collected to fund the programs.

The need to make a revision in prior-reported revenue is most prevalent at the time service providers are preparing the upcoming data submission for the same period of time. For example, carriers preparing their September 1, 1999, submission are most likely to identify errors in data submitted on the Form 457 for September 1, 1998, in that they are comparing data for two like periods.

Staff recommends that beginning with the September 1, 1999, data submission; carrier initiated requests for changes in reported revenues be limited up to 12 months. Changes to prior submissions as a result of an audit by USAC of a carrier's revenue reported on the Form 457 would not be impacted by this proposed limitation

Recommended USAC Board of Directors Action:

**APPROVAL OF THE FOLLOWING USAC BOARD OF DIRECTORS
RESOLUTIONS:**

RESOLVED, That the USAC Board of Directors directs staff to no longer accept carrier initiated requests for changes in revenues reported on prior FCC Form 457 beyond 12 months from the initial submission of the Form in question, and
